EXPERIENCES

Schedule Manager, JS Software, 2022:

Realization of a JavaScript software with JS in group of 4 students during one semester.

PnO at Capgemini Engineering, Web development, 2023:

Creation of a full stack web app allowing administrators of Capgemini to manage their users' database.

Art Match, Web development and security, 2023:

In a student group project, I worked on the security of the users' data and the connection to our web service called Art Match.

ZOMBIE, Musical album, 2023:

For 2 years and a half, I worked on a personal musical project. This is an album of 9 songs composed, written, interpreted, and designed by me.
